

Talib Uz Zaman's Speech, Member of the Board of Advisors as a Panelist
IIEGA Inauguration Ceremony
June 5, 2024

Ladies and Gentlemen, Distinguished Guests, My Fellow Colleagues Joining from Around the World,

As a proud member of the Board of Advisors, it is a distinct honor for me to join this inauguration ceremony as a panelist. Today marks the beginning of a new era for our institution, one that is grounded in a profound commitment to ethical governance and accountability.

Many congratulations to my dear friend Roger and the entire team!

IIEGA's vision is ambitious yet essential. We aspire to be a leading global institution, recognized far and wide for our dedication to these core values. In a world where ethical principles are often put to the test, we are determined to be a shining example, driving positive change and contributing to the development of a more ethical and accountable society.

We envision a world where individuals and organizations operate with unwavering integrity, where transparency is not just an aspiration but a fundamental practice, and where the highest ethical standards are upheld in all endeavors. This is the world we are committed to creating, a world where fairness and justice are paramount. To bring this vision to life, we must lead by example. We must set high standards for ourselves and inspire others to do the same. Our role is not just to advise but to actively engage, to foster partnerships, and to champion innovative solutions that address the ethical challenges of our time. Our mission extends beyond education; it is to inspire and empower individuals and organizations to act with integrity and accountability.

Each of us at IIEGA has a vital role to play in this journey. Our collective commitment and dedication are the bedrock of our strength. Together, we will work tirelessly to ensure our institution remains at the forefront of ethical governance and accountability, leading the way toward a more just and equitable society.

As I speak to you today, I am filled with optimism and determination. Let us work together with enthusiasm, knowing that our efforts will pave the way for a brighter, more ethical future.

Together, we will make a difference.

Thank you.
